Who Bought Wednesday to Sell Thursday, Reversing Conditions.

## ACT OF THE HARRIMAN PROJECTS DISCOUNTED

May Outlook for Copper and Iron Exerts a Depressing Influence.

**SALT LAKE, Jan. 28.**—The stock market again demonstrated the narrow margin of profit into which it has fallen. There was little trace of anything beyond the "bull" of yesterday's operations. The market was bought yesterday, and today, and the list moved, there was a contrary reaction to that of yesterday. The reaction, however, was not a complete reversal of the trend, but a temporary check on the advance.

# WHEAT MARKET WEAK, WITH NARROW RANGE

Local Bulls Extend Support, but There is Really Little to Stimulate Business.

## CHICAGO, Jan. 28.—Local bulls have the wheat market steady today, but at times demand from that source was very light and the market was inclined to sag.

Prices throughout the day fluctuated within a half-cent range and were almost at the bottom on final transactions. May closed at \$1.07 and July at \$1.07 1/2.

There was only a light trade in oats and the market was steady all day, prices holding within a quarter-cent range. Final quotations on May were 62 1/2 and on July 63 1/2.

The corn market was steady and closed unchanged to 1/2 lower compared with the previous close. May closed at 62 1/2 and July at 63 1/2.

# SALT LAKE MARKET QUOTATIONS

The Salt Lake household found nothing new in the produce market Thursday. When she went "down-town" Thursday morning she was greeted by a good display of edibles on market row, however, but no new consignments were received into the city and prices continued very steady, as has been the case for the past several weeks.

As for oranges, bananas and apples, there is very little fresh fruit on the market at the present time. A limited supply of Malaga grapes continues to come in, and dealers ask 30c a pound for them. Poultry is still very scarce, and but few turkeys are obtainable at any price.

Final quotations on May were 62 1/2 and on July 63 1/2. The corn market was steady and closed unchanged to 1/2 lower compared with the previous close. May closed at 62 1/2 and July at 63 1/2.

# OLDSMOBILE

"The Logical Car at the Logical Price"

Oldsmobile Model D, 40 H. P. Palace Touring Car at \$2750 has all the style and dash and proven Roadability you can get in the highest-priced car of the same rating.

Pay more—you get only the dubious pleasure of owning a high-priced car.

Pay less—you get neither class, power nor Roadability; for \$2750 is the lowest price at which a completely satisfactory car can be produced, and is the highest price necessary to pay to get style for the boulevard, and Roadability, efficiency and freedom from auto annoyances "on the road."

If you want a larger type—the Oldsmobile, Model Z, 6-cylinder, at \$4200, is again the logical car at the logical price. You cannot get a better "six" for more.
